

Workshop information

This tufting workshop is perfect for all abilities, beginners included! You will be taught how to use a tufting gun in the workshop and create your own rug. The workshop is 3 hours and all costs include materials and equipment- £130pp.

What you will make

- You will have a 40cmx40cm space.
- You will be given time to practise on a separate blank area with the gun before starting your piece.
- This is a tufting-focused workshop. Once you have tufted your design, I will back and finish your piece after. I will be able to deliver your work within 5 working days and emailed once ready.

Ahead of the workshop

Prior to booking a deposit will be required depending on how many people.

- Please bring water/refreshments with you.
- Long hair must be tied back.
- Please wear comfy clothes. We will be using sharp materials, so don't wear anything precious.

On the day

- Your 3 hours starts at time of booking. If you are late this will be taken off your total time.
- To make the most of your time, please arrive promptly, as your session will begin at the time of your booking.
- If the session isn't long enough for you, feel free to book an additional session. You will be trained on how to use the tufting gun and be run through health and safety on the day.
- To break up the session, there will be a 15-minute break within the 3 hours if required..

Designs

- I recommend keeping your design relatively simple, with block shapes and colours and minimal lining. Lots of detail can be challenging for beginners and takes a long time, likely overrunning your workshop.
- I would advise you to think of a design ahead of time and come with some ideas. You will have a wide range of colours to pick from. Please keep your palette to no more than 5 colours.
- I will provide basic templates if you wish to use.
- You are welcome to send in your design ahead of time, as I can draw up on frame before you arrive so you can make the most of your workshop.
- If you are unsure, please feel free to send your ideas ahead of time and I can give you feedback.
